

1Way Paging Services

SkyWord® Text Paging

Stay in the loop even when you're on the go and away from a phone. Avoid unnecessary phone calls and phone tag.

With SkyWord® text paging service by SkyTel® you receive complete text and numeric messages, up to 240 characters, directly on your pager. Plus, the SkyTel system delivers unmatched reliability and peace of mind through its fully redundant networks.

Paging as Easy as Email

It's easy for colleagues, friends and family to send messages.

- ▶ Send email directly to your pager from anywhere in the world. Your SkyWord pager number (PIN) doubles as an internet email address (PIN@skytel.com).
- ▶ Send messages from the SkyTel "Send a Message" page at www.skytel.com.
- ▶ Use SkyTel Access® software to send and manage messages from any networked or modem-equipped computer. Download a free copy from the SkyTel website.
- ▶ Dial a toll-free number to enter numeric messages.
- ▶ Dial the same number for optional services: SkyTalk® full-featured voice mail sends an alert to your pager or Operator Dispatch service allows callers to dictate a message to a SkyTel Operator, who sends the complete message to your pager.

SkyPager® Numeric Paging

With SkyTel you can enjoy the performance and value of the world's premier numeric paging service – SkyTel SkyPager®. Quickly receive important telephone numbers or numeric codes such as sales figures and even last night's Little League score. And like all SkyTel services, your contacts can send you a page from anywhere in the U.S. simply by dialing a toll-free number.

Free Features, Affordable Options

When you're part of the SkyTel System you're assured of unbeatable value. Free features for SkyTel 1Way services include:

- ▶ Toll-free, single-number calling
- ▶ Personalized greetings
- ▶ Message recall to retrieve your messages by phone or internet
- ▶ Voice mail notification
- ▶ Customer service via toll-free phone, internet, or email
- ▶ Paging software (SkyWord only)
- ▶ News updates (SkyWord only)

Coverage options for 1Way services include Metro or Nationwid. Add Nationwide Now® to Metro service to expand your coverage only when you need to.

Ask your SkyTel representative about the many optional features available with SkyTel 1Way services, including personal access numbers, operator dispatch, voicemail, and broadcast messaging.
